# Apex Unit Tests Should Not Use @isTest(seeAllData=true)

PMD Rules · https://community-staging.qualityclouds.com/qcdocs/qc/pmd-rules/apex-unit-tests-should-not-use-istestseealldatatrue/

**Impact area**

Manageability

**Severity**

Medium

**Affected element**

Apex Class

## Rule ID

**SF-0002**

## Impact

Using @isTest(seeAllData=true) opens up the existing database data for unexpected modification by tests.

## Remediation

Remove this annotation in your unit tests.
